

# Don't Take My Heart

Voodoo Circle

My heart is aching  
Got no peace of mind  
No escaping  
All you'd left behind  
And I've been there before  
There's no mistaking  
That I just can take anymore

I've always had a cross to bear  
Living with this pain  
Trying to wash your sins away  
But you never seemed to care

I'm hurting, I'm bleeding  
Don't take my heart again  
We've been down this road before  
I'm begging and pleading  
It's driving me insane  
Can't you hear me calling?  
Baby don't you take my heart again

I got this feeling  
And it's deep inside  
I've done my dreaming  
Cause you left me blind  
Don't you mess around  
With my heart again  
Behind this smile  
Is a fool dressed like a clown

I've always had a cross to bear  
Living with this pain  
Trying to wash your sins away  
But you never seemed to care

I'm hurting, I'm bleeding  
Don't take my heart again  
We've been down this road before  
I'm begging and pleading  
It's driving me insane  
Can't you hear me calling?  
Baby don't you take my heart again

I've always had a cross to bear  
Living with this pain  
Trying to wash your sins away  
But you never seemed to care

I'm hurting, I'm bleeding  
Don't take my heart again  
We've been down this road before  
I'm begging and pleading  
It's driving me insane  
Can't you hear me calling?  
Baby don't you take my heart again
