

## Dream of Eden

Voodoo Circle

The sun is black it will never rise again  
Daylight is gone and darkness consuming us all

The air is cold  
Rivers turn into blood  
Mankind is lost and nature is out of control

Read the signs  
Seals are broken

Can you hear them scream?  
Scream as they fall from heaven  
Evil stole their dream of Eden  
The angels are falling

We lost our faith  
Abandoned and cursed by the Gods  
In search of the light we failed to get out of the dark

Read the signs  
Seals are broken

Can you hear them scream?  
Scream as they fall from heaven  
Evil stole their dream of Eden  
The angels are falling

The sky is on fire  
As the world is coming to an end  
It's the end of the world
