

Locked & Loaded

Voodoo Circle

Now listen to me once
So now listen to me now
Cause I got something to say
And I'm ready to go
Please listen to me twice
Listen to me now
Cause I got something to say
Now we gonna rock together
I show you how

Feeling my superpowers
Feel them deep down inside
This song has too much power
But it sure is right
Cause deep down below in your soul you know
This is your only chance
To big boom bang
Your chance to dance
Now we gonna rock together
I show you how

Here I'm coming
Coming for you

Locked & Loaded
Locked & Loaded
Here I'm coming
Coming for you
Big Boom Bam
I'm here for you mama
Now we gonna rock together I show you how

Hey you, little super fashion queen
You're the sweets thing I have ever seen
Shake your big booty on the dance floor
My supernatural power is a beautiful musical shower
Girl I'm after you just to make sure
Boom Boom Bang
Your chance to dance
Now we gonna rock together
I show you how

Locked & Loaded
Locked & Loaded
Here I'm coming
I'm coming for you
Big Boom Bam
I'm here for you mama
Now we gonna rock together I show you how

Here I'm coming
Coming for you

Locked & Loaded
Locked & Loaded
Here I'm coming
Coming for you

Big Boom Bam
I'm here for you mama
