

We'll Never Learn

Voodoo Circle

Out of the dark
I can see a vision of tomorrow
A sacred heart, now it's lost within the past
Can we go on, living in a world of constant sorrow?
Now it's the time, if we trust in the silence it's peace at last

I always knew, that somewhere in time
There'd be no return, we've broken the rules we've crossed the line
Now our insanity is reality. Oh no
We'll never learn, we'll never learn

With the damage done, can we carry on in this upheaval
Only in our hearts, do we have all our power to stay alive

I always knew, that somewhere in time
There'd be no return, we've broken the rules we've crossed the line
Now our insanity is reality. Oh no
We'll never learn, we'll never learn

Is this the path of evolution?
Can nobody hear me now
It's time to start a revolution
Why can't we see the warning?
The world is burning down

It's not the path of evolution
No one can hear me now, did we start a revolution?
Maybe we'll find a way to listen and begin to learn
We'll never learn, we'll never learn

I always knew, that somewhere in time
There'd be no return, we've broken the rules we've crossed the line
Now our insanity is reality. Oh no
We'll never learn, we'll never learn
