Bulletproof

Voodoo Glow Skulls

It's not my imagination
To think that true
Mixed up situations
Are happening in front of you

There's no mistakes in the game of life
When do you decide
When it's your turn to roll the dice
And turn fuckin' crazy

I heard you think you're bulletproof
And so you think you're bulletproof

Bulletproof
Bulletproof
Bulletproof

Doing a lot of shit doesn't make you a man
When you're risking with your life
Fuck the rules, and the cops
No one tells you what to do

I heard you think you're bulletproof
And so you think you're bulletproof
I heard you think you're bulletproof
And so you think you're bulletproof

Bulletproof
Bulletproof
Bulletproof

Make no mistakes, just be aware
Let's get stupid tonight
Keep your guard up and watch your back
Because no one's bulletproof
