

Musical Therapy

Voodoo Glow Skulls

Nightmares!
Fuckin' nightmares!
Nightmares!

Submerged in a pool of someone else's control,
They've taken my emotions and imprisoned my soul.
Forgetting my identity, I'm mechanical from head to toe,
Waking up in a cold sweat and afraid of my own shadow.

Nightmares!
Fuckin' nightmares!
Nightmares!

Another life that lives in my subconscious mind,
One that's keeping me awake with the silence of the night.
Visions of disorder flowing through my brain,
Having to convince myself I'm not going insane.

I'm living in a nightmare can't you see?
I need some musical therapy.
I'm living in a nightmare can't you see?
Gimme some musical therapy.

I'm living in a nightmare can't you see?
I need some musical therapy.
I'm living in a nightmare can't you see?
Gimme some musical therapy.

Huh!

Musical therapy, that's what I need.
Can't you see?
Musical therapy, musical therapy.

Nightmares!
Fuckin' nightmares!
Nightmares!

Submerged in a pool of someone else's control,
They've taken my emotions and imprisoned my soul.
Forgetting my identity, I'm mechanical from head to toe,
Waking up in a cold sweat and afraid of my own shadow.

I'm living in a nightmare can't you see?
I need some musical therapy.
I'm living in a nightmare can't you see?
Gimme some musical therapy.

I'm living in a nightmare can't you see?
I need some musical therapy.
I'm living in a nightmare can't you see?
Gimme some musical therapy.
