Demons inside of my closet
Demons inside of my wallet
Demons in my head won't stop talking
Demons tryin get to my heart but I blocked them
In this world surrounded by darkness but
I let this light shine and they scatter and shriek
I see these demons they eyelashes batter at me
They insulting and battering me cuz
I tell 'em I needed a couple a feet cuz they wanna be coupled with me
But I barely known them for a couple of weeks
They wanna get close with a G
But got blood on my hands that's making me weep
I gotta keep fighting but I know that I'm getting too weak
I been needing the Lord by my side and for him to help me
I'm screaming out please Lord come sanctify me
