

Break

Vory

You ever thought we movin' too fast?
Maybe we should a lil' slow
Maybe we too deep in this thing for a change to be tried
Shit, you probably don't know
Drank got a nigga movin' slow, I'm back on my bullshit (Yeah)
Purse get a nigga in the mood and you got that good shit

Been tryna get away, my mind is on a race
Don't got too much to say, sometimes I need a break, yeah
Sometimes I need a break, break
Sorry girl you hit me at the wrong time, no
I need some alone time now
Sorry girl you hit me at the wrong time, no
I need some alone time now
Been tryna get away, my mind is on a race
Don't got too much to say, sometimes I need a break

I know I said, "I'm comin' home", I'm never home
You always right, I'm always wrong
What about the love we had? I thought we had, you love to lead me on
Always tryna prove me wrong
I'm like, "Fuck it, girl I'm gone"
I'm like, "Fuck it, girl I'm gone"

Been tryna get away, my mind is on a race
Don't got too much to say, sometimes I need a break, yeah
Sometimes I need a break, break

Break, yeah
Tryna give my mind a break
Girl, I think I need a break
Girl I think you need a break
Girl I think you need a break, yeah
Tryna give my mind a break, ayy
I left the city took a break
Girl I think you need a break
Girl I think you need a break

Roll some, smoke some, slow it down just a lil'
Yeah, yeah
Roll some, smoke some, slow it down just a lil'
Break
Ooh-ooh, ooh
Break
Oh yeah, yeah
Break
Yeah, ayy, ayy
Break, break
Break, break
