Vory

Yeah
Yeah, eee
So baby, yeah

Baby I was the cause of it all
I must admit my flaws
Fucked up from my past, I'm still emotionally scarred
Yeah
I hope you forgive me 'fore you ever forget me
And I know you decline me but my angels answer me
One thing that I ask that if you're done, baby tell me
Oh, oh
You flew to Miami with intentions of sin
I'm not tryna stalk all your friends
Girl, I don't wanna go there again
(Yeah, that's hard, yeah)
This is what you wanted from me
You want me bad, want me down, baby
Wanna see me sad, you want revenge from me
Ah, ah
Oh, ooh woah, oh-oh
Baby you didn't deserve all the things I put you through
If I was you then I'd be done with me too
You lift me up, up
You pull me down, girl, you pull me down
I guess this is what you wanted from me
This is what you wanted to see
This wasn't who I was tryna be
Yeah, but this is who you want me to be
Don't go tellin' lies on me
'Cause if you do, baby that's fine with me
Something tells me that we should've took it slower than we did (Oh, baby)
We was young, we said, "Fuck it, let it live" (Ooh, ooh woah)
I'd be lyin' if I said we never spoke on this
Yeah, she an angel, full of demons in the room
We knew this day would come too soon
Who knew? Girl, who knew? Girl, you knew (Yeah)
Part in me (Yeah)
I must've lost it (Yeah)
You must forgot it
I gave you my heart and you decided to drop it
Stop it, ooh stop it
Yeah, ayy
So baby, oh baby
Take your, take your, oh baby
