Control

Vory

Yeah
Yeah, yeah, yeah
Yeah

All my niggas seem to gang bang
Lately, I've been on the same thing
Talkin' down on me to the world
We was never on the same page, yeah
Get this money, don't let money control ya (Yeah)
Say, I got money, watch 'em all change
They missed out on every money train
Don't know who to trust, they all the same
All I got is me, the fuck you sayin'? Yeah
Get this money, don't let money control ya (Yeah)

Yeah, they don't know the pain I feel inside
Lost my niggas [?] and I cry
Poppin' all these percy's feel inside
Got me wishin' Kirk was still alive
Grannie told me pray 'cause I'm possessed
Hope I look the devil in his eyes
Music shit don't work, at least I tried (Yeah)
My so-called homies turn they back and stab me
When shit go bad they got no choice but ask me
I tell them no, they try to act like I changed
But I stayed the same

Get this money, don't let money control ya (Yeah)
Get this money, don't let money control ya (Yeah)

And I'm convinced
They wanna see me down and back there like that
Yeah, couldn't keep it silent, had to fight back
Say, I say how I feel and they don't like that
Say, homie you should chill, you'll get there right back
Uh, I can never cross one of my friends
Yeah, I can never lie to all my fans
Yeah, you should know I tried, if this all ends
Yeah, we was never friends, I can't pretend

Get this money, don't let money control ya (Yeah)
Get this money, don't let money control ya (Yeah)
