

Daylight

Vory

I can I can I can
I can I can I can
I can I can
I'm there for the kids
I'm trying to live for them
And I'm trying to change the script

But sometimes it just can't be did
I'm dead, lifeless
Untold, silence
And I blame it on the system
Cuz It was never set up for us to win

Manager, you look like you need a manager
Someone that can handle you
Someone of my caliber
Someone that's gon' handle all your business tryna balance ya
Day, Night
Day, Night
Day, Night
Day, Night
Day, Night
Day, Night
Day, Night

Daylight
Daylight
Daylight
Daylight
Daylight
Daylight
Daylight
Daylight

Empty, please don't tempt me
They want to end me
With the same names that they tried to hand me
I can't pretend this
Don't do forgettin'
But you're still forgiven oh baby

Day, Night
Day, Night

If I gotta sleep alone tonight
I swear that my drugs won't be right
I swear that my trust won't be right
When I'm alone I'm
Too many options, too many problems
You wanna be my hero and try and solve them
If I gotta sleep alone tonight

I probably shoot she just mine for the night
Who's to say that the choice will be mine
Who's to say that my choice will be right
Who's to say that my choice will be right

Daylight
Daylight
Daylight
Daylight
Daylight
Daylight
Daylight
Daylight
Daylight
Daylight

On my side of mention outta fence
I got something in the rants
Had a song colder line
Hold a line golden mine
I'm a Don
I've been holding by design
I been made by design
In the night
In the summer
I know you're a lover in design
God made me the don
God made me your own
Locked in be your own
Nightmare
I been made being song
God aimed in the lone
Poor baby alone
Nightmare
I feel your pain, pain, pain
Pain, pain, pain, pain

My heartbreak bout you
My heartbreak bout you
