

## Do That Shit

Vory

Start a fight, why you do that shit? (Why you do that?)  
Go through my phone, why you do that shit? (Girl, what?)  
Piss me off, you like to do that shit? (Say)  
Girl, I think I've had enough (True), say

I've missed out on love tryna chase a dream  
If you think I'm sweatin' you, you must've lost your mind (Mind)  
All these diamonds on my watch, girl, you get lost in time (Time)  
Girl make up your mind I just don't know why you

Get mad, run it, back up, oh (Say)  
Fuck that, if I go, then she know, it's bad (It is)  
Get mad, run it, back up, oh (Gee)  
Fuck that, if I go, then she know, it's bad  
Mixin' Vodka with emotions  
Lil mama goin' with the motions  
Lil mama say she wanna ride now, she just tryna go live (Oh)  
Tryna play the kid like he a fool (Bitch, don't play)  
Girl, I know all the shit that you've been through (Hey)

Do that shit, do that shit (What?)  
Girl, I don't know why you do that shit (Do it), do that shit  
Girl, I don't know why you do that shit (Do it), do that shit  
Girl, I don't know why you do that shit (Do it), do that shit  
Girl, I don't know why you-

Start a fight, why you do that shit? (Why you do that?)

Tryna get a lock to the passcode  
You keep worryin' about my last hoe  
We shop at Neiman, eat at Mastro's  
I'm at H-town like a Astro  
Whippin' out the lot like he's a asshole  
Actin' like a thot G out the castle  
And don't need a queen up in the castle  
It's just me, myself and I, high  
Put your pride to the si-I-ide  
Rolling douja, let's get high, high  
Every time I'm askin' why, why, why?  
Why you? (Hey)

Do that shit, do that shit  
Girl, I don't know why you do that shit, do that shit  
Girl, I don't know why you do that shit, do that shit  
Girl, I don't know why you do that shit, do that shit
