Don't 4get

Vory

Stress up on your past but it's the life you wanted
Still fightin' demons, it's the life you wanted
Empty inside and you still scared to own it
Niggas gave you fifty, girl I give you one hunnid
Liquor in your system, girl I'm not tryna argue with you
Even though I got a bone to pick with you
You've never seen the bigger picture
You ain't believe in karma 'til it caught up with you
Just like you ain't believe in me until I called it quit
Please don't forget
You still got me, girl, you still got me
Please don't forget (Please don't forget)

Heart torn about the things I heard about you
Please don't forget (Please don't forget)
I told you that I got you, girl I always got you
Remember who was there when all them niggas doubt you
Please don't forget (Please don't forget)
Please don't forget, girl (Please don't forget)

Easy to forget somethin' and not remember
Easy to forget before forgive
I'm like, "Fuck it, blame it on the life you live"
Every time you hit my line, know I was there, please don't forget
Flights to Dubai don't even feel the same
I know you've hit rock bottom and I'm still to blame
Switched my focus not to anything but everything
Too much built inside me, I'm just prayin' that it rains
So I can release some
Prayin' that you be some, I'm still prayin' that you be some, one day

If I told you that I got you, girl I always got you
Tell me who was there when all them niggas doubt you? (Please don't forget, oh)

Heart torn about the things I heard about you
Please don't forget (Please don't forget, oh)
I told you that I got you, girl I always got you
Remember who was there when all them niggas doubt you
Please don't forget (Please don't forget)
Please don't forget, girl (Please don't forget)

If I told you that I got you, girl I always got you
Tell me who was there when all them niggas doubt you? (Please don't forget, oh)
Heart torn about the things I heard about you
Please don't forget (Please don't forget, oh)
If I told you that I got you, girl I always got you
Tell me who was there when all them niggas doubt you?
Please don't forget (Please don't forget)
Please don't forget, girl (Please don't forget)
Oh yeah, oh
