

Don't Cry Now

Vory

Oh man
I know it's been a while
It's been a lotta shit going on
Ducked off from the world, same time ducked off from my own
I don't longer feel alone
I've been way too deep in my thoughts
I even scrapped the album like two or three times 'cause I didn't
Really like the energy I was givin' off for not listen back to certain records
Like my brother always told me
"On a road to revenge it's always two graveyards
One for the one you seek revenge on, and one for yourself
For allowing them to get you out of character"
I had to go through a lot these last eight months
Therapy, my mental health
I, I, I put down the lean, put down the percs
Although everything may have always seem like a lot or a curse
I still saw good out the situation
It made me into the best version of myself
And for that I wanna thank you
Because you made me this way
And just know, I love you forever sincerely, always true
And all the tears that I shared, I was cryin' for me and you, baby

Don't you cry for me
I don't know how you're in it
Let's not be, baby
So don't you cry for me, yeah
Don't you cry for me, yeah

Yeah
Don't you cry for me
Feelings you can't hide from me
Skeletons you hid from me
Oh babe, why would you lie to me?
You should save your tears, baby, don't cry to me
You still find every way to lie to me
Lied to the people all along, you know that's cold facts
Said you say the truth about everything, but you're past
You tell 'em it's fuck me, behind closed doors you like, "My bad"
You're bad, you're bad for me
You should tell 'em 'bout all of them niggas you let fuck fast
You should tell 'em how that nigga fucked you, didn't you got passed
Around, around?
I heard the news about your name, it broke my heart bad
Flashin' on me with your friends, you know that's my cash
They never like niggas, I never listen to they broke ass

Don't you cry for me
I got my heart to believe
Let's not be, baby
So don't you cry for me, yeah
Don't you cry for me, yeah
