

Let's Drink

Vory

Oh man, oh man, oh man, oh man
Still can't believe them niggas tried it
Still can't believe them niggas tried it
Them niggas are fried for that, yeah
Them niggas should get fired for that, ayy

It's for them niggas who been tryin' to keep me boxed in
It's for my pussy-ass ex, you gotta watch them
You ain't my homie, you ain't my broski, we are not twins
If we ain't locked in, we are knockin'
I've been locked in and I've been locked in, locked in (Locked in), damn
Ayy, was gon' name the album "Finally Healed", but I still want revenge

Ever since a jit I always had to be the bigger man
Actin' like you drop me from the label to a bigger brand
I'm like, "Fuck it", I'm like spin, I told you lucky (Okay)
I'm like, "Fuck it", all my opps still runnin' in buckets
They say he buckin', roll the window down and dump it (Okay)
Trade didn't get on when he spin, he must be lucky
Man, fuck that peacemaking on the link of niggas who thuggin'
But I asked the last nigga, they get back for my cousin
How the fuck you started shittin' in this shit with nothin'?
What you thought your actions wouldn't have no repercussions?
You niggas mad because I turned this shit to somethin' (Yeah)
Girl, you my last and I still learn that bitch with nothin'
I parted ways 'cause I got tired to feelin' none
'Cause I'm too hurt for lovin' you, I'm feelin' lone
My momma told me, "One day you would do me wrong"
'Cause I've been sleepin' with the devil all along

It's for them niggas who been tryin' to keep me boxed in
It's for my pussy-ass ex, you gotta watch them
You ain't my homie, you ain't my broski, we are not twins
If we ain't locked in we are not locked in
I've been locked in and I've been locked in, locked in (Locked in), damn
Ayy, was gon' name the album "Finally Healed", but I still want revenge
