

Mind Games

Vory

You getting way too hard to read
Yeah baby
Hey

You getting way too hard to read
Everything I sacrificed was all for the team
Everything I do for ya is not just for me
You know lately it's just more than the team
You know shit get dangerous when my heart involved
Cuz I just heart it out

And I know it ain't mine
But I still wonder who you fucking when I'm not around
Specially when I'm out of town
If this is all a game to ya then tell me now
Don't wait to tell me when I'm not around

Don't tell me that pussy mine when I'm just in town
Don't tell me you fucking off cuz you think that I get around

You know I'm not too good on the mind games

You know I'm not too good with the mind games
You know I'm not too good with the mind games
You know I'm not too good with the mind games

Yeah
Playing with my mind
Is like playing with my time
I don't like to waste it

Yeah
Rather be on vacation
I don't like to face it
You know I got feelings for you that's the thing about it

I feel you've been hurt too many times you need more than a hug
I feel all the love that I give is not enough
It's bad enough shit ain't adding up
Feelings to the side shit I'm sad in love
Yeah
You probably want a life that I can never teach
Every time you call know I ain't hard to reach baby

You getting way too hard to read
Everything I sacrificed was all for the team
Everything I do for ya is not just for me
You know lately it's just more than the team
You know shit get dangerous when my heart involved
Cuz I just heart it out

And I know it ain't mine
But I still wonder who you fucking when I'm not around
Specially when I'm out of town
If this is all a game to ya then tell me now
Don't wait to tell me when I'm not around

Don't tell me that pussy mine when I'm just in town
Don't tell me you fucking off cuz you think that I get around

You know I'm not too good on the mind games

You know I'm not too good with the mind games
You know I'm not too good with the mind games
You know I'm not too good with the mind games

Ay

Never judge a book before you read it
Instead of leave you a side of me
You wanna see before I leave
Send a driver south beach
Tell them bring that ass right to me
Two tone Phillip right on your knees
Don't go bringing drama in my life that I don't need
On my past don't judge me I moved past it
Opp niggas getting left up in the casket
We was masking up way before COVID this shit is tragic
I been running up tickets for the longest never flashed it

You getting way too hard to read
Everything I sacrificed was all for the team
Everything I do for ya is not just for me
You know lately it's just more than the team
You know shit get dangerous when my heart involved
Cuz I just heart it out

And I know it ain't mine
But I still wonder who you fucking when I'm not around
Specially when I'm out of town
If this is all a game to ya then tell me now
Don't wait to tell me when I'm not around

Don't tell me that pussy mine when I'm just in town
Don't tell me you fucking off cuz you think that I get around

You know I'm not too good on the mind games

You know I'm not too good with the mind games
You know I'm not too good with the mind games

You know I'm not too good with the mind games
