

Not Outside

Vory

Ayy/Hey

Know you're sick and tired to hear the talk around the town about the kid

Drip on my jeans, I sure should stop by when you free so you can see it

Ayy, ayy, ayy

Got some niggas in my city tryna dow me and you know they hate to see it

Ayy, ayy

Too many Perkys in my system got me paranoid, they plottin' on the kid

Ayy, ayy

Say I don't go outside unless they talkin' cash talk

I don't go outside unless they talkin' back to

Niggas bitter, I got richer, say I'm way too hard to reach

I be out the way just like the fuckin' sidewalk

They feelin' a way and I can see it

Ayy, I catched the wave so they can see

I put my Wraith around the block 'cause I don't want no one to see

I never see my opps outside, catch

Never ran across a drunken man who told a lie, catch

Niggas claim they rich, I be like, "So am I"

Fuck around get your ass capped, fuckin' with my BMI

Know you're sick and tired to hear the talk around the town about the kid (Sheesh)

Ayy, drip on my jeans, I sure should stop by when you free so you can see it

Ayy, ayy, ayy

Got some niggas in my city tryna dow me and you know they hate to see it

Ayy, ayy

Too many Perkys in my system got me paranoid, they plottin' on the kid

Ayy, ayy

Shit, I put down the drank and then I picked up again (Again)

I put down them Perkys then I picked 'em up again (Again)

I just sent my driver to come scoop you and your friends (Skrr)

They just wanna party, they like cocaine, they like Henn' (Yeah)

I pulled off some party in the backseat off the Benz (Yeah)

They both gettin' naughty, off the Molly once again (Yeah)

You feelin' dead but you live for them party once again

She was gave to the same streets I was raised in

She gave up on love 'cause she ran too impatient

Started doin' drugs, I [?] savings

Daddy run around, she said her grandma did the raisin'

Thank God I saved you, saved

Know you're sick and tired to hear the talk around the town about the

kid (Sheesh)
