

On The Low

Vory

Money over bitches that's been the conversation
And I've done her wrong but I still never say shit
And lately it's been so hard to fight all these temptations
But I still know
It's so hard to control myself (huh)
But I try my best (I try my best)
I tend to hold things in too much
I should get it all off of my chest ahh
If I light this dutch girl I know it's gonna alleviate stress, but it's not
enough

(Cause I'm still out there)
Drinking on the low (drinking on the low)
Fucking on the low (fucking on the low)
All those late nights when I'm too drunk
And I told my ex to come over
Girl I'm still trying hard to let go (go)
Trying hard to get sober
And even tho I've apologized
It's hard for you to get over the past

You know I can't control myself after I've been drinking (I can't)
I get so stubborn when you make me feel like I've been tripping (yea I do)
I know that you suspect the worst and I'm not good at hiding
But you started tripping first, so don't blame me for trying
Pour up the shots this clase azul gon make me forget who you ever was
I met two bitches outside of the club but I keep thinking they tryna set me
up
The money is flying, them bitches get wild
Cause we keep on turning the section up
Yea we gonna make em remember us
Rich at nineteen so I'm holding my bezel up
(Huh)
I'd rather keep our business on the low
I still do things you don't know about (ro double c o)
But everything that I've done been worth it
Never once did I say I'm perfect

(Cause I'm still out there)
Drinking on the low (drinking on the low)
Fucking on the low (fucking on the low)
All those late nights when I'm too drunk
And I told my ex to come over
Girl I'm still trying hard to let go (go)
Trying hard to get sober
And even tho I've apologized
It's hard for you to get over the past

And it was hard for me to get over your past
And it was hard for me to love you
You've been passed around
Now I ain't saying you're incapable of love, cause it is what it was
How come
How do you know so many guys on short terms ?
How come all them things were short termed ?
How come all them things were short lived ?
Niggas that you fucked you called friends

I am not the type to pretend
I am not the type for preaching
(Alright alright I think I'm reaching)

New levels

Talking bout waking up new devils (aye)
My new bitch bad, but still I feel I can do better (aye)
Like they don't wanna see me just spazz out and turn up my savage again
(Try it, try me)

(Cause I'm still out there)
Drinking on the low (drinking on the low)
Fucking on the low (fucking on the low)
All those late nights when I'm too drunk
And I told my ex to come over
Girl I'm still trying hard to let go (go)
Trying hard to get sober
And even tho I've apologized
