

Save Me Now

Vory

Fuck it

Tell me why you still wanna blame me now
Tried give you all my love, but I don't know how
I know what we got is dangerous and there's no way out
Yeah, you broke me down and you sold me out
I'm like, "Tell me is it too late to tame me?"
Tell me, is it too late to tame me? (Yeah)
Girl, you had too many chances to play me
But you went and decided to blame me
Yeah, uh, you just needed closure
I just want you closer
But I just couldn't open up
I was never sober (Sober)
You told me that it's over (Over)
Losing my composure
Tell me are you really giving up?

Somebody save, save, save me now (Yeah)
Somebody save, save, save me now (Yeah, oh, oh, oh)
I thought I knew how this shit would play out
Until I saw you were on your way out
Somebody save, save, save me now (Yeah, oh, oh, oh)

You got a thousand men comin' at you now
I know you're too bad to stay in the house (Yeah)
Got me up all night, yeah, I'm losin' sleep now (Oh yeah)
Tell me, who's loving you now? Can't blame you
Can we talk for a second, even though it hurts?
Let me say what I gotta say (Oh yeah)
Yeah, it took me a second just to know your worth
I ain't leavin' 'til you hear me out (Oh yeah)
Why you kick me out the house?
Fuck was all that about? (Oh yeah)
Always kept it one thousand even though I had doubts (Oh yeah)
What's goes around, comes around (Yeah)
And I'm the bad guy now (Yeah)
Guess I had it comin' though, girl, I was too proud (Yeah)

Somebody save, save, save me now (Yeah, save)
Somebody save, save, save me now (Yeah, oh, oh, oh)
I thought I knew how this shit would play out (Yeah)
Until I saw you were on your way out
Somebody save, save, save me now (Yeah, oh, oh, oh)

Somebody save, save, save me now (Save)
Somebody save, save, save me now (Oh, oh, oh)
