

Switching Positions

Vory

She say to me
I make her weak in the knees yeah

(Murda on the beat so it's not nice)

Heard the good news
Barely got something
You gotta know
I know what you're wanting
Boosting my ego
That's all nonsense
Let me inside
Girl you gon love it
Hope you prepared for the worst
Get in let's slide
Hennesy poured in my cup
And she knows how to ride
Damn I can't get enough
Got me going all night
Switching positions from the bedroom to the kitchen going all night long

I need two sides of you
Aye two sides from you
Be that good girl and the freak I like
Let me eat it to the peak of night
I need two sides of you
Aye two sides from you (yeah)

Switching positions from the bedroom to the kitchen going all night long (switch)
Switching positions from the bedroom to the kitchen going all night long (yeah)
Switching positions from the bedroom to the kitchen going all night long

You ask me how I've been (aye)
I ask you how's your friend (aye)
Talk bout the cash I've spent
Breaking down even ends
Whole time she think she lit
Lil bitch don't know that she fucked my mans
Whole time she think she T'd
All because of me I paid that bitch more than Uncle Sam (okay)
Like I'll be damned
Tell her keep the conversation slim
Lil bitch too trim
Got two bitches look the same but I can't treat them both the same
Got a vibe who like to sing so when we fuck she say my name

I need two sides of you
Aye two sides from you
Be that good girl and the freak I like
Let me eat it to the peak of night
I need two sides of you
Aye two sides from you (yeah)
