Vory

(\$K, haha)
(OG Parker)

When you hit me, baby girl, I was doin' what I'm doin'
Every time you hit me, I be onto what you on
You're the only one that get me out of bed in the mornin'
So what you wanna know?
Ain't dealin' with that drama on this side (Ooh)
Ayy, you won't be dealin' with that drama on this side (Uh)
Ain't dealin' with that drama on this side

Ain't dealin' with no drama
I've been on the treadmill just runnin' up commas (Yeah)
I'm feelin' like a math teacher, dealin' with these numbers
'Cause you've been in Miami for the last three summers (Yeah)
I'm tryna see what's up with you
I know I should've never fucked with you (Oh)
I fell in love with that pussy, now I'm stuck with you
But I fell in love with the money now I'm comfortable, yeah
So if I let you come on this side
You won't ever get to switch sides
Every nigga 'round they own boss, ain't gotta dickride
Them niggas talkin' down, I blew their budget damn near ten times
I remember everybody jumped the ship, they thought it capsized
Now anybody makin' U-turns gon' get baptized
Don't listen to these rap lies from these cap guys
Girl, if you need hit the back line

When you hit me, baby girl, I was doin' what I'm doin'
Every time you hit me, I be onto what you on
You're the only one that get me out of bed in the mornin'
So what you wanna know?
Ain't dealin' with that drama on this side (Ooh)
Ayy, you won't be dealin' with that drama on this side (On this side, on this side)
Ain't dealin' with that drama on this side
Ayy, you won't be dealin' with that drama on this side

You actin' like you never had nobody fuck it up
You actin' like I only got it bad just bad for you
You actin' like you doin' bad for me
Don't know how you tell your friends you're done with me
Oh girl, stay in touch with me
Quit actin' like you scared to fuck with me
I know you heard a lot about me, fuck we win it all
Know your friends told you that nigga he get around (Round)
Know your mans told you that nigga's the kid in town
So fuck with, baby, yeah
So stuck with me, baby
And any nigga try you, know that he's up with me, baby
So yeah, girl you

When you hit me, baby girl, I was doin' what I'm doin'
Every time you hit me, I be onto what you on
You're the only one that get me out of bed in the mornin'
So what you wanna know?
Ain't dealin' with that drama on this side (Ooh)

Ayy, you won't be dealin' with that drama on this side (On this side, on this side)

Ain't dealin' with that drama on this side

Ayy, you won't be dealin' with that drama on this side
