

Too Long

Vory

You sleep where you stay at my nigga get paper you know that I
stay up
They hate on the kid cause I'm gettin his money they hate that
I'm way up
I should get the key to the city my nigga I feel like the mayor
My only concern is the money I can give a fuck bout a hater
I'm way way up, I'm way up
Stay stay up I stay up
She see my future I feel like I'm future I pass it like lay up
(swishh)

And I been off for way way way too long
Yeah, I been off for way way way too long
Way up, I'm way up, yessir

I been countin' money all day
I been gettin' checks all day

Tell me why, do I deserve your time
Am I ever on your mind, I'm just reading off your signs
Tell me why, tell me why
