

Turned On Me

Vory

Yeah
Yeah-yeah
Ayy
Yeah
Yeah

Always knew that you would turn on me
Ain't no surprise when you had turned on me
I've been through worse, ain't no concern on me (Ayy)
Watch me walk through fire and not a burn on me (And not a burn
on me)
Always knew that you would turn on me
Call me by surprise when you had me
Ain't even catch me by surprise when you had turned on me (Yeah
)

You were supposed to have my six, you had another six
Another six, you stuck up in your devilish ways
I already told you, girl, what more can I say? (Ayy)
Scared of the truth, you'd rather lie to my face (Ayy)
I'll pay whatever to get you out of my face
Didn't wait behind my back, then fucked on Pluto
I guess you need your space
I guess you needed your space, yeah
Maybe the right bitch, but the wrong time
You should ask your friend about this dick, she had a long time
Hit it first night, she say, "It's all mine"
She a natural killer, she a fashion killer, baby
Your friends all told me you was leavin' me to save me
Fortin' all these problems here lately, oh baby
You were the friend, I made her abort the baby, I'm sorry (Chec
kmate)

Always knew that you would turn on me
Ain't no surprise when you had turned on me
I've been through worse, ain't no concern on me (Ayy)
Watch me walk through fire and not a burn on me (And not a burn
on me)
Always knew that you would turn on me
Call me by surprise when you had me
Ain't even catch me by surprise when you had turned on me (Yeah
)

I told you it's chess, not checkers, baby
To show fellow, get the last laugh
Ha, ha, ha, yeah
