

Untimely

Vory

Who wan try me
Who wan test me now
Who wan try me
(They wanna find me)

Who wan try me
Who wan test me now
Who wan try me
(Who wan sign me)

Me no need nobody to sign me
Flow so untimely
Me got my money
I'ma put it up on me
A milli on me
Need your body to tempt me

Girl I need your body
Wind and dance for the money
Come and chop all money
Need your body to tempt me
Girl I need your body
Oya gbe your body
I got a milli on me right now
I can spend it on you right now

Who wan try me
Who wan test me now
Who wan try me
(They wanna find me)

Who wan try me
Who wan test me now
Who wan try me

Yeah
I got one who sold her soul for the money
Oil money, but I like new money
Cute little mama drop something for me
Baby you gon have to top something for me
Forward to the crib
Panty dropper when she see how I live
Panty soaker when she hears my ad libs
Baby forward to the crib
Tell little mama she gon have to put that body on me
Pussy trash no mami you gotta refund me
I was broke they looked at me like I was funny
Now the sun shine bright on this side and it's sunny

Oh baby
That's the thing it's funny how the tables turned
I broke your heart to teach you a lesson that you never learned

Had to spend 100 racks on my bitch
That was money earned
I was down and out she had my back
That was money earned

I always told you I would get the last laugh
It's funny how
Oh baby

Who wan try me
Who wan test me now
Who wan try me
(They wanna find me)

Who wan try me
Who wan test me now
Who wan try me

Girl I need your body
Wind and dance for the money
Come and chop all money
Need your body to tempt me
Girl I need your body
Oya gbe your body
I got a milli on me right now
I can spend it on you right now
