

## Whatever It Costs

Vory

Hot stakes and gamblin', drank got me ramblin'  
Bunch of fake bitches with fake asses and energy  
Bunch of snake niggas with fake cash and amenities  
They've been tryna finish me off, ayy  
They've been tryna finish me, dawg  
I've been tryna finish it all, shit, whatever it costs  
I'd rather across before I ever get cross  
All I know is my son can't take that lost, shit  
Whatever it costs, Lord

Pull it through the range, I now got targets on my back (Ayy)  
Said what I said and still don't business, that's just that (Ayy)  
Said what he said and he got whacked and that's a fact (Facts)  
I sit and think about my dawgs, I can't get back  
Often I think about them niggas who turned their backs, ayy  
They ain't got the nerves to even try to circle back  
He ain't got the heart for it, no, he ain't built like that  
He ain't ever lost, no, now I feel like I can't get back (Ayy)  
After all I did for y'all, how you do me like that?  
Girl, you're my last and you still stab me in my back  
Won't think about it, that shit started to make me upset  
Hit on more it hurts, make a nigga fit it in his chest  
But I play the game when they play checkers I play check, ayy  
I say

Hot stakes and gamblin', drank got me gamblin'  
Bunch of fake bitches with fake asses and energy  
Bunch of snake niggas with fake cash and amenities  
They've been tryna finish me down, ayy  
They've been tryna finish me, Lord, ayy  
They've been tryna finish me, Lord, ayy  
Whatever it costs, ayy

See, if I have to, then I'm makin' that call  
Didn't wanna make it at all  
All I know is my son can't take that lost, shit  
Whatever it costs, shit  
Can't take him away from his boss, shit  
Down to pay whatever it costs  
See, I'm down to pay whatever it costs, yeah, yeah

Oh man  
That nigga, yeah, he say  
He say, "Fuck being rich, nigga, fuck being rich"  
I put your security at risk, nigga  
I put your security at risk, ayy  
I put your security at risk, nigga, fuck being rich, ayy  
Ayy
