

## Why Lie?

Vory

Yeah

Yeah, ah, man

You don't gotta ride for me

You don't gotta cry to me

Trustin' me gut, it told me you wouldn't ride for me

Heard you out, but I always knew you was lyin' to me

Love was just blind to me, you was still fine to me

I was doin' fine 'til I trusted my gut, oh, baby, oh, woah

Single or taken, baby? Oh, no

Highly mistaken, baby, oh, fuck

Shit go bad and shit get awful

I'm tryna find out what it's all for

I'm tryna find out what you lie for

Been on road, but I make time for ya

Baby, come over

Ayy, she walk in the crib, I guess she feelin' the boy

I think I stole her from the party next door (Oh, woah), no bap

Takin' off her shoes and she go straight to the room

Guess I forgot that she done been here before, no bap

(Been here before) No bap

Ayy, prescription bottle full, you should take it easy, mama

Percs and Xans, what, you got trouble sleepin', mama?

Probably from all them niggas sleepin' on ya

Them shots that you downed, that Carbona creepin' on ya

Offer to call you a car home, but you ain't on it

And that's fine with me, I rather wake up to you in the mornin'

Phone on DND in California (Release you boys)

You was honest when you told me 'bout your situation (Oh, yeah)

Time runnin' out, I'm runnin' short on patience (Oh, yeah)

Side nigga, who? I swear, your fine ass had me contemplatin'

I guess I'll give your ass another chance

I'm scared to love again

I'll never give a girl the upper hand

My problems deeper than you'll understand

Say, "You're born alone, you'll die alone," I understand

When I die, I'm dyin' a honest man, oh, yeah, I understand (Yeah, yeah)

You don't gotta ride for me

You don't gotta cry to me

Trustin' my gut, it told me you wouldn't ride for me

Heard you out, but I always knew you was lyin' to me

Love was just blind to me, you was still fine to me

I was doin' fine 'til I trusted my gut, oh, baby, oh, woah

Single or taken, baby? Oh, no

Highly mistaken, baby, oh, fuck

Shit go bad and shit get awful

I'm tryna find out what it's all for

I'm tryna find out what you lie for (Yeah)

I'm tryna find out what you lie for (Baby)
