

You're Mine

Vory

Dance like it's your first dance
Love me like your first man
Only gettin' one chance
Shawty, that's all I'm sayin'
One chance with you is all I need
Love the way your body whines
Love it when you say it's mine
Love how she get freaky off a glass of wine
I get to the point, don't like to waste her time

Girl, you're mine and you know it
Girl, you're mine and you know it
Girl, you fine and you know it
Girl, you're mine and you know it

How many shots before you headed home?
I'll lead you on before I lead you wrong
That's the type of timin' girl you know I'm on
Young and grown
You makin' it hard to leave your ass alone
Can't wait to get you home, all alone
Can't wait to get you home
You know I'll never let you sleep alone
(Oh, bae, oh, bae)

Girl, you're mine and you know it
Girl, you're mine and you know it
Girl, you fine and you know it
Girl, you're mine and you know it

Ayy
Can't put a price on this ass, baby
I know you been waitin' on it
Can't take it personal if it's a maybe
'Cause maybe with time
You can't sweat it out every night (Night)
Till the night was nobody, you and I (I)
You can't be dappin' me in private and fuckin' me in public (Ooh-ah)
Ooh, anywhere you want till the mornin', yeah (Till the mornin')
Pour another glass, it's to the future, baby
I been gettin' [?] lately
Be a little bossy, baby

Girl, you're mine and you know it (And I know it)
Girl, you're mine and you know it (Ooh)
Girl, you fine and you know it (And I know it)
Girl, you're mine and you know it (Know)
Ayy
