

It's Over...

Votchi

I want you to
Feel what I feel
I want you to
Hear what I hear
I want no fear

I want to get what
I came for
I want to reach what
I've been searching for
So long, so long

My time is over now
And you're still there
Maybe you chose a better way
And I'm drifting away...

Good bye my love
And good bye my friends
I succumbed to my enemy
And I've lost all my days

It's over getting colder
And I feel like
That's the end, my friend

I want you to
See what I see
I want you to be the same
Like me...
