

Stranger

VOWWS

You're still on my mind
So let's go back some time

We were so brand new
I was scared to talk to you

You can call me a stranger
Been all over this town
Seems what I came for
Got away somehow

We had schoolyard fights
So let's go back some time

Took me days to find you
Now I'm gonna go south
Seems time's rewinding
Makes me younger somehow
