

# WAIT.

VOWWS

Wait  
Sun on my face  
Stay  
For one more wander, one more day

Waiting for someone to answer  
Saving myself for what's coming after

Under the eyes  
Of one who never dies  
I'm gonna take  
The only thing that's mine

Wait  
I'm changing my shape  
Stay  
I'm what you wanted me to be

Standing for something or other  
Starving myself so you can recover

Under the guide  
Of one who never dies  
I'm gonna break  
The only thing that's mine
