

Submarine

Voyager

So it's the last time
It's the best time
It's the only time that you will sympathise
Hold me tightly
Never leave me
It's the only time that precious beats the prize

Submarine!
Submarino!
Say the word, and I come up for more
Submarine!
Submarino!
Say the word, and I... come up for more

Why don't you wait, don't you wait, don't you wait
Till I'm over the border?
Why don't you wait, don't you wait, don't you wait
Till I'm under the sea?
Why don't you wait, don't you wait, don't you wait
Till I'm better in order?
It's just a matter of time
It's just a matter of mind
Till we're in safe port...

Submarine!
Submarino!
Say the word, and I come up for more
Submarine!
You had me at normality
Into the dream
Submarine!
You had me at insanity
Into the dream alone

I! I'm coming up for air!
I'm coming up for air!
I'm coming up for
Coming up for
I'm coming up for air!
