

Gutless

VUKOVI

Got to get over
You're no good no more
You're anything but love
Turn back and it's over
I need something more

I, I was so misled
With your riddles in my head
You're gutless
You hide away instead
And you
Forgot to mention one thing

Got to get over
You're no good no more
You're anything but love
Turn back and it's over
I want something more

I, I was so misled
With your riddles in my head
You're gutless
You hide away instead
And you
Forgot to mention one thing

You're so addictive
Delicious poison
I choose to take it
Again and again
You're so addictive
Delicious poison
I choose to take it
Again and again
