

# I EXIST

VUKOVI

Stand up  
You've got to fight  
It's a temporary feeling  
Not like suicide  
It's like a war in your mind  
But you're stronger than you think now  
You'll be alright  
Better days will come to light

I see the morning light  
And wonder why I'm still here  
If I exist another day  
Would anybody even fucking care?  
Stand up  
You've got to fight  
It's a temporary feeling  
Not like suicide

I know it's tough  
But it's not enough to give up and  
Better days will come to light  
You've got to stay  
You'll be glad one day  
And you know that  
Better days will come to light  
I lie awake at night  
Feel like I'm gonna die  
I wanna fly away  
And wake up on the other side  
You're stronger this way  
You're sad It's okay  
But you know that

I know I'm lost but I wanna find myself while I'm alive  
And I put a light up to my shoulder  
Just to ask if I can smile  
They say that happiness will find me  
But the monster found me first  
Drown it out with your soul fire  
Let the bastard die of thirst

I know it's tough  
But it's not enough to give up and  
Better days will come to light  
You've gotta stay  
You'll be glad one day  
And you know that  
Better days will come to light  
I lie awake at night  
Feel like I'm gonna die  
I wanna fly away  
And wake up on the other side  
You're stronger this way  
You're sad It's okay  
But you know that

I am NULA

And I am free  
I am NULA  
And I am free  
I am NU-NU-NU-LA  
And I am free  
I am NULA  
And I am free  
(I've found you, motherfucker!)

I know it's tough  
But it's not enough to give up and  
Better days will come to light  
You've gotta stay  
You'll be glad one day  
And you know that  
Better days will come to light  
I lie awake at night  
Feel like I'm gonna die  
I wanna fly away  
And wake up on the other side  
You're stronger this way  
You're sad it's okay  
But you know that
