

Wander

VUKOVI

Wake us up before you go
You packed your things that mean the most
Once you're there, you can't turn back
Come down from there and I'll promise you
And I'll promise you

Ah oh, you would've got better
Ah oh, could've done it together
Ah oh, and your mother's never
Ah oh, gonna see you better

Your lonely shell, it walked alone
And you're terrified of your shadow
Of your shadow

Ah oh, you would've got better
Ah oh, could've done it together
Ah oh, and your mother's never
Ah oh, gonna see you better
Ah oh, you would've got better
Ah oh, could've done it together
Ah oh, and your mother's never
Ah oh, gonna see you better
Gonna see you better
And your mother's never
Ah oh, gonna see you better
Gonna see you better
