

Christmas in L.A.

Vulfpeck

On Christmas morning, on Christmas day
Kris Kringle's driving a Chevrolet
He left his reindeer, he went down south
He just had to see what it's all about

Wrapping presents out in the sun
Stuffing stockings, having some fun
Reading, writing, Christmas is here
Cali-fornia, Yuletide cheer

All the little children and all the big children, it's Christma
s (in L.A.)
All the ladies and all the little babies, it's Christmas (in L.
A.)
Even the gentlemen, every single one of them, Christmas (in L.A
.)
In L.A

Oh, everyone around the world
Every boy and every girl
It's time to say
It's time to say
It's time to say

All the little children and all the big children, it's Christma
s (in L.A.)
All the ladies and all the little babies, they were singing in
the room (in L.A.)
Even the gentlemen, every single one of them, Christmas (in L.A
.)
In L.A

All the little children and all the big children, it's Christma

All the ladies and all the little babies, it's Christmas (in L.

You gotta get down to Los Angeles
Cause this year, that's where Santa is

You gotta get down to Los Angeles
Cause this year, that's where Santa is

You gotta get down to Los Angeles
Cause this year, that's where Santa is

You gotta get down to Los Angeles
Cause this year, that's where Santa is, yeah

You gotta get down to Los Angeles
Cause this year, that's where Santa is, yeah (Yeah!)
