

# For Survival

Vulfpeck

Wrap me in cellophane  
For survival  
Fill me with gasoline  
For survival  
We all know it's the end of the world  
We all seen it coming  
I'll take you with me babe  
For survival  
For survival

Out there on Saturn Nine  
They're drinking holy wine  
All Kubrick smiles

Wrap me in cellophane  
For survival (smile)  
Fill me with apple drink  
For survival  
We all know it's the end of the world  
We all seen it coming (smile)  
I'll take you with me babe  
For survival  
For survival

No guns, no border lines  
No greed, we seen no crime  
All truth, no lies

And I'll let it shine  
We gotta let it shine  
On the people that we want to hang around and be loved  
I got nothing  
And I got enough love for my enemies

Ship me in bubble wrap  
For survival  
Duct tape and full up crap  
For survival  
Last chance, it's the end of the world  
Don't be afraid of nothing  
I'll take you with me babe  
For survival, yeah

All the people that we want to hang around and be loved  
For survival

Ohhh
