I love my baby  
I love my baby

Wheels up and I'm on my way  
Been three weeks since I've seen my baby  
Send a text as we're touching down  
But she's already circlin' round on the ground

Waiting  
She's waiting just for me

I won't forget it  
I won't forget it get it get it  
You won't regret it  
I won't forget this  
Hey!

I love my baby, she's the best  
She picks me up at LAX  
What gets me through the longest flight (From Cape Town to Dubai)  
My baby baby, she's the best  
She keeps me cool when I get stressed  
Can't wait to hold my honey pie (I can't wait to kiss and hug her)

Won't be long now, I'm on my way (I'll be)  
All over you, like I'm TSA (TSA)  
Brought you something back from a distant land  
She brought fajitas from a taco stand (Understand)

She's waiting  
She's waiting just for me

I won't forget it  
I won't forget it get it get it (No I won't forget it)  
You won't regret it  
I won't forget this baby

I'm gonna make it up tonight (I can't wait to kiss and hug her)

Baby, got my bags  
Headed out to the street  
Now you saved my life  
It means everything
