

Miracle

Vulfpeck

All life is a miracle, miracle, miracle
All life is a miracle
That's why you gotta keep on, keep on, keep on, keep on, keep on
Keep on like you do
'Cause when they play that second line
You got nothing left to prove

All life is a miracle, miracle, miracle
All life is a miracle
That's why you gotta keep on, keep on, keep on, keep on, keep on
Keep on like you do
'Cause when they play that second line
You got nothing left to prove

Charmander, you're a nasty boy, nasty boy, nasty boy
Charmander, you're a nasty boy
Why you gotta pick on, pick on, pick on, pick on, pick on
Pick on Pikachu
When you turn into a Charizard
What we gonna do?

Move it to tape B16. Bring up tape B16, thank you

All life is a miracle, miracle, miracle
All life is a miracle
That's why you gotta keep on, keep on, keep on, keep on, keep on
Keep on like you do
'Cause when they play that second line
You got nothing left to prove

'Cause when they play that second line
You got nothing left to prove
'Cause when they play that second line
You got nothing left to prove
