

# Unveiling The Abomination

## Vulvodynia

Early oppressors designed the solution for the ultimate corrupt  
ion of man  
Create an image of an afterlife only accessible through acting  
like fucking sheep  
These ignorant beings  
There are none more ignorant and useless then those that seek a  
nswers on their knees with their eyes closed

Gagged and bound, they speak only in tongues of madness  
Sickeningly worshiping just on belief is lunacy  
Why can't you see  
Trusting in a fallacy that's nothing but a system of control  
You're fucking diverting your mind  
Unintelligent behaviour on your part  
True understanding  
Does not lie in distractions

When the doors of perception are cleansed man will see things a  
s they truly are, infinite  
Religion binds man to a life of ignorance designed to benefit t  
hee oppressors  
Religion preys on the weaknesses of our populace whilst its ope  
rators bring in the cash  
They're praying to a god of lies

Hands together now get on your knee's  
Just trust us that  
Thy will must be done  
Sounds a bit like brain washing to me!  
Reinforced through fear  
Disgustingly  
Burning in a state suffering will be the answer to your sins  
Subservient tranquillity!

No God ever gave any man a thing  
Nor answered any prayer at any time  
We know there's no such thing  
Nonexistent frauds, every one of them!  
Created too control and keep the sheep occupied  
To see by faith is to shut the eye of reason  
Expose and eradicate  
Unveil The abomination  
There are none more ignorant and useless then those that seek a  
nswers on their knees with their eyes closed

Kneel, pray  
For...
