

Now that this suit's taken shape  
Wonder will it bend or break

Oh yeah  
I know how that one goes  
Oh yeah  
Will it burn off all my clothes?

I don't want you to see the way I've been  
Doled out a bleached persona  
No, no monochrome deliverance  
Burns off like acetone  
Ohh wee ouuu, ohh wee ouuu, ohh wee ouuu  
Ohh wee ouuu, ohh wee ouuu, ohh wee ouuu

Either way it would mar skin beneath  
An heirloom to our pedigree

Oh yeah yeah yeah yeah yeah yeah yeah  
I know how that one goes  
Oh yeah yeah, yeah, yeah, yeah, yeah, yeah yeah yeah  
Could it burn off all my clothes?

I don't want you to see the way I've been  
Doled out a bleached persona  
No, no monochrome deliverance  
Burns off like acetone  
Don't want you to see the way I've been  
Doled out a bleached persona  
No, no monochrome deliverance  
Burns off like acetone

(I heed stainless steel boots)  
Don't want you to see the way I've been  
(I need a stainless steel suit)  
Doled out a bleached persona  
(Got a stainless steel mind)  
No, no monochrome deliverance  
(In a stainless steel room)  
Burns off like acetone  
(I have stainless steel time)  
Don't want you to see the way I've been  
(This is my stainless steel life)  
Doled out a bleached persona  
(Stares up at a stainless steel sky)  
No, no monochrome deliverance  
(Hello up there!)  
Burns off like acetone
