

Beta Fish

Vundabar

Show me where the rhythm goes
Where the rhythm goes
Show me where the rhythm goes
Rhythm goes right
Show me where the rhythm goes
Where the rhythm goes
Show me where the rhythm goes
Out in the night

Beta fish jump, beta fish swim
Beta fish bite his reflection
Beta fish jump, beta fish swish
Beta fish fight his reflection
And lost

My, my, my
How the days go by
I will try
Dance myself alive

The three little angels at my door
Just a little bit, just a little bit
And I know why but not what for
Just a little bit, just a little bit
Tell me what you've come here for
Just a little bit, just a little bit
And I've got mine, but I want more
Just a little bit, just a little bit
Just a little bit, just a little bit

My, my, my
Apple of my eye
I will try
Dance myself alive

I need to shake just a little bit, just a little bit
Shake a little bit, just a little bit
Shake just a little bit, just a little bit
Shake just a little bit, just a little bit
Shake a little bit, just a little bit
Shake just a little bit, just a little bit
Shake a little bit, just a little bit
Shake just a little bit, just a little bit

Show me where the rhythm goes
Where the rhythm goes
Show me where the rhythm goes
Rhythm goes right
Show me where the rhythm goes
Where the rhythm goes
Show me where the rhythm goes
Out in the night
