

Darla

Vundabar

Darla can't stay here any longer
It's not made for wanderers anymore
Would it be better
If you were a blood-letter
Those cheeks won't get redder
Anymore

You better run-run-run around this town
You better find a place to go now

Darla you're a robot
The only one that they've got
The only one in stock
Anymore
Would it be fun-er
If Darla you were dumber
You wouldn't have to wonder
Anymore

You better run-run-run around this town
You better find a place to go now
