

# Heatwave

Vundabar

I'm a heatwave  
You're a small town  
Caught up in the fever of July  
I'm a cold case  
In the hot ground  
Seed sown in the fever of your mind

And oh  
Together  
We went on  
Forever  
It's a heatwave

I'm a bad case  
You caught it right  
Caught up on the whisper of the wind  
It's a madness  
Louder at night  
We plant everything we've got growing

And oh  
Together  
We went on  
Forever  
It's a heatwave
