What did you do?
What-a-what-a-what'd you do?
What did you do?
What-a-what-a-what'd you do?

What did you do?
What-a-what-a-what'd you do?
What did you do?
What-a-what-a-what'd you do?

They only stand when they're scared
They're only scared when they stand
Crawl on the wall and
Drawn by the colors and
Smell, well, you can go to hell

What did you do?
What-a-what-a-what'd you do?
What did you do?
What-a-what-a-what'd you do?

What did you do?
What-a-what-a-what'd you do?
What did you do?
What-a-what-a-what'd you do?

I never meant any harm
This paradox
I'm scared of you, and you're scared of me
Why can't you just let me be?

What did you do?
What-a-what-a-what'd you do?
What did you do?
What-a-what-a-what'd you do?

What did you do?
What-a-what-a-what'd you do?
What did you do?
What-a-what-a-what'd you do?

You take it, drag it, make me go on
You're such a hard way for me to burn
I'll give you love, give you anything
Oh please, 'cause he's not staying in?

What did you do?
What'd, what'd, what'd you do?
What did you do?
What'd, what'd, what'd you do?

What did you do?
What'd, what'd, what'd you do?
What did you do?
What'd, what'd, what'd you do?
