

Plains

Vundabar

Run right over, told ya
Can't eat bugs, love [?]

You felt different, simply itching [?]
I feel empty, without faces [?]
Oh jeez Louise, Louise

Well, I don't want to, I don't want to know
Well, I don't want to, I don't want to know
Oh, I don't want to, I don't want to know
Oh, I don't want to, I don't want to know

Take your place, cast it in the wind
East and West, guns [?] flashing
Both in time [?] with the same place to go
Hope you started a tornado

All is silent across the plains
I saw her face, I called your name
I told you once, don't tell me twice
But something about me don't seem right

Oh, I don't want to, I don't want to know
Oh, I don't want to, I don't want to know
Oh, I don't want to, I don't want to know
Oh, I don't want to, I don't want to know

Take your place, cast it in the wind
East and West, guns [?] flashing
Both in time [?] with the same place to go
Hope you started a tornado

Take your place, cast it in the wind
East and West, guns [?] flashing
Both in time [?] with the same place to go
Hope you started a tornado

Take your place, cast it in the wind
East and West, guns [?] flashing
Both in time [?] with the same place to go
Hope you started a tornado
