

I know, I don't  
Pay to run, run  
I see, if I say  
I best watch stay

I heard that you've been cutting tongues out, babe  
Why would you want to hear what people say?  
I heard that you've been cutting tongues out, babe  
Why would you want to hear what people say?

Oh no, uh-oh  
I tried, just let it  
Honey, I see  
A wolf again

I heard that you've been cutting tongues out, babe  
Why would you want to hear what people say?  
I heard that you've been cutting tongues out, babe  
Why would you want to hear what people say?

I am a man  
I play without a team  
And I get the fruit  
'Cause I am the tree  
And all the children buy  
A little tree from me  
Well thank you down there  
For this legacy

Ooh, ooh  
Ooh, ooh
