Read the dictionary
Understand the meaning: 'I want you to myself exclusively'

Kinda funny how the love has come and gone
Not trying to look grown
To all the fellas trying to look
I'm sorry that I took available out

Seven on the car seat
Six by the back street
Five on the concrete (How many bottles on the...)
Four by the window
Three in the shadow
Two only but
You're my one only bottle on the wall

I tell no lie you made me fall blind to all the other guys within my life

Seven in the café
Six in the alley
Five by the motorway (How many bottles on the...)
Four on the underground
Three in the jail pound
Two only but
You're my one only bottle on the wall

Oh no, but then the world became so linear to me
