

Circus Town

VV Brown

Does it really matter, if I'm ever gonna make it?
'Cause I can't seem to find the reasons why
I'm running from what I created
How can I change this? I'm trying to find a clear solution
'Cause everything around me feels so far
Like low camera resolution

'Cause I'll be there for you (that's what you said)
And you'll be there for me (that's what you said)
There's so much we can do (that's what you said)
I hope you feel it too

It doesn't matter what the people say
We're gonna do it, do it anyway
And we'll be waiting for that perfect day
When they'll be smiling, calling out our names
It doesn't matter if they pull us down
'Cause we are feeling stronger now
No one can stop us here in circus town

Why does my brain hurt?
It's all because of constant thinking
I'm going round and round in circles
Hoping the worry will be gone from drinking
I wish I could fight this, I'm looking at your perfect picture
'Cause you would always have a way of piece
By reading from the holy scriptures

'Cause I'll be there for you (that's what you said)
And you'll be there for me (that's what you said)
There's so much we can do (that's what you said)
I hope you feel it too

It doesn't matter what the people say
We're gonna do it, do it anyway
And we'll be waiting for that perfect day
When they'll be smiling, calling out our names
It doesn't matter if they pull us down
'Cause we are feeling ever stronger now
The time will come for us to take a bow
No one can stop us here in circus town

It doesn't matter what the people say
We're gonna do it, do it anyway
And we'll be waiting for that perfect day
When they'll be smiling, calling out our names

It doesn't matter what the people say
We're gonna do it, do it anyway
And we'll be waiting for that perfect day
When they'll be smiling, calling out our names
It doesn't matter if they pull us down
'Cause we are feeling ever stronger now
The time will come for us to take a bow
No one can stop us here in circus town
