

Climbing High

VV Brown

I'm a flower
Living in a concrete world
You divided world
Everything that you've been taught
It's the reason
Nothing ever comes out right
So we fight today but it fades away

You're amazing
Every single day you breathe
And I'm falling
Falling down to my knees
It's the power
Nothing gets inside of your mind
So we love today cause it won't fade away

Cause we are screaming from the top of our lungs
Swimming deeper
Let me get enough of what we want
So we live today and rise to the top
Climbing high high high to the sky sky sky

We're screaming loud from the top of our lungs
And we're getting louder
(Can you hear me now)
We're screaming loud from the top of our lungs
And we're getting louder
(Can you hear me now)
We're screaming loud from the top of our lungs
And we're getting louder
(Can you hear me now)
We're screaming loud from the top of our lungs
And we're getting louder
(Can you hear me now)

Who's your fight now?
Even by the broken door
Shout it out loud
You never felt like this before
It's a freedom
Feeling every single day
So we trace the space that's somehow gets in our way

Cause we are screaming from the top of our lungs
Swimming deeper
Let me get enough of what we want
So we live today and rise to the top
Climbing high high high to the sky sky sky

They they said it
They they they really said it
Just be quiet
Just shut your mouth be quiet
We don't want it
No no no we don't want it
We're screaming louder
And take our final hour

Match (match match..)
Match (match match..)
Match (match match..)

Cause we are screaming from the top of our lungs
Swimming deeper
Let me get enough of what we want
So we live today and rise to the top
Climbing high high high to the sky sky sky

Cause we are screaming from the top of our lungs
Swimming deeper
Let me get enough of what we want
So we live today and rise to the top
Climbing high high high to the sky sky sky

We're screaming loud from the top of our lungs
And we're getting louder
(Can you hear me now)
We're screaming loud from the top of our lungs
And we're getting louder
(Can you hear me now)
We're screaming loud from the top of our lungs
And we're getting louder
(Can you hear me now)
We're screaming loud from the top of our lungs
And we're getting louder
(Can you hear me now)
