

Marginalised

VV Brown

I'm not available
We're unattainable
This isn't tangible
We're inaccessible
Stop your rhetorical
Own your historical
We ain't that gullible
Shit, this is laughable

What you wanna do about it?
Let me tell you this we ain't staying at the back of the line, oh
How you gonna feel about it?
Listen up, I'm telling you no longer at the back of the line, oh
How you gonna deal with this shit?
We've been climbing ladders, we ain't waiting at the back of the line, oh
How you gonna deal with this?
This is for the underdogs and all of the marginalised, oh

We ain't sellable
High fly, incredible
This shit's inevitable
Reaching for new levels
Keep your insanity
Screw your profanity
You ain't my master
You're a warmonger, you create your own disaster

What you wanna do about it?
Let me tell you this we ain't staying at the back of the line, oh
How you gonna feel about it?
Listen up, I'm telling you no longer at the back of the line, oh
How you gonna deal with this shit?
We've been climbing ladders, we ain't waiting at the back of the line, oh
How you gonna deal with this?
This is for the underdogs and all of the marginalised, oh

This is for the underdogs and all of the marginalised, oh
This is for the underdogs and all of the marginalised, oh

I'll be thinking inches, thinking miles
Sneaking up inside my files
Systems flowing like the Nile
But the people in denial
They'll be smelling on my fear
It's the moment, it is here
There is nothing they can say
Yeah, I know they want their way
But they cannot get their way
I'ma kick it off this bridge
Chuck it out, take off the lid
The best thing I ever did
It's a situation
I'm gonna politerate
Political masturbation
It's an emancipation

What you wanna do about it?

Let me tell you this we ain't staying at the back of the line, oh
How you gonna feel about it?
Listen up, I'm telling you no longer at the back of the line, oh
How you gonna deal with this shit?
We've been climbing ladders, we ain't waiting at the back of the line, oh
How you gonna deal with this?
This is for the underdogs and all of the marginalised, oh

This is for the underdogs and all of the marginalised, oh
This is for the underdogs and all of the marginalised, oh
This is for the underdogs and all of the marginalised, oh
This is for the underdogs and all of the marginalised, oh
This is for the underdogs and all of the marginalised, oh
